Professional Summary

A motivated and enthusiastic Bachelor of Computer Applications (BCA) graduate from Bangalore University with a CGPA of 8.49. Possess hands-on experience in Full Stack Web Development (MERN Stack) and Artificial Intelligence through internships, along with strong knowledge of Java, Python, JavaScript, SQL, MongoDB, React.js, Node.js, Express.js, HTML, and CSS. Recognized with the **Academic Excellence Award** for outstanding academic performance during graduation. Demonstrated leadership as the International Service Director of the Rotaract Club and actively contributed to technical events and community initiatives. Passionate about software development, problem-solving, and continuous learning, seeking an opportunity to contribute technical skills while growing in a dynamic organization.

Education

Surana College, Peenya – Bangalore University.

- Branch: BCA, Final year | CGPA: **8.49**

Vivekananda PU College for Women, Bangalore.

- State board of Karnataka (Science - PCMC) | **77.16%**

Siri Vishnu High School, Laggere, Bangalore.

- State board of Karnataka (Class X) | **79.36%**
-

Skills

Programming: Java, Python

Database: SQL, DBMS

Core Concepts: Data Structures, Computer Networks

Tools: Power BI, Microsoft Excel, GitHub, Visual Studio Code

Familiar With: JavaScript, C

Soft Skills: Communication, Leadership, Team Coordination

Projects

TrackHole – Geo-Tagging Potholes Within City Limits

TrackHole is a web application designed to help citizens report potholes by geo-tagging their exact location within city limits. The application stores reports in a centralized database, enabling authorities to monitor road conditions and prioritize maintenance efficiently.

Key Features

- Geo-location based pothole reporting
- Interactive and user-friendly interface

Student Grade Calculator

Built a dynamic web application using JavaScript to calculate total marks, percentage, and grades with Realtime subject management.

Implemented DOM manipulation, input validation, and conditional logic for accurate and responsive performance.

Personal Portfolio Website

Developed a responsive portfolio website to showcase projects and technical skills with interactive UI components.
Optimized layout using semantic HTML and CSS for cross-device compatibility and enhanced user experience.

Internship

MERN Stack Intern
Syslog Technologies

16 February 2026 – 26 April 2026

Responsibilities

- Developed responsive full-stack web applications using the MERN Stack (MongoDB, Express.js, React.js, and Node.js).
- Built reusable frontend components using React.js.
- Developed backend APIs using Node.js and Express.js.
- Worked with MongoDB for efficient database management.
- Performed debugging, testing, and application improvements.
- Collaborated with mentors while following software development best practices.

Artificial Intelligence Intern
Plasmid

October 2024 – December 2024

Responsibilities

- Gained practical exposure to Artificial Intelligence concepts and machine learning workflows.
 - Assisted in understanding data processing techniques and AI applications.
 - Improved analytical thinking and problem-solving skills.
 - Participated in practical AI learning activities and project discussions.
-

Leadership & Activities

International Service Director

Rotaract Club | 2025 – Present

- Coordinated international service activities.
- Assisted in planning and managing club initiatives.

Volunteer – Registration Team, TechEniac IT Fest

Surana college| 2025

- Managed participant registrations and on-site coordination.
- Assisted in handling queries and ensuring smooth check-in process and engagement.

Decoration Team Lead – TechEniac IT Fest

Surana College | 2026

- Led decoration planning and execution for the annual IT fest. □ Coordinated team efforts to ensure timely and efficient setup.
 - Contributed to enhancing overall event experience.
-

Certifications

- **Data Science for Engineers** – NPTEL (2025).
- **AI for Students: Build Your Own Generative AI Model** – NxtWave (2025).

Academics & Extracurricular Achievements

First Place – Ethical Computing (IKS)

- Secured 1st place in *Ethical Computing through Indian Knowledge Systems – Dharma-Based Computing Practices* (Mar 2026).

Student of the Month

- Awarded for academic performance and active participation in college activities.

Third Place – 4×100m Relay, Annual Sports Meet

- Secured 3rd place at Surana College (May 2024).

Academic Excellence Award

- Surana College (2026)
